This is **our** Regions Beyond website, so we need to keep it well populated with up-to-date news, articles, resources and testimonies so that any visitors can see what God is doing amongst us.

This is where we can all help and **be there for one another's success**. We can do this by:

- ❖ Making sure that your local church information is current and correct
- ❖ Keeping us informed of new church plants
- ❖ Highlighting projects and initiatives in the nations
- ❖ Sharing news of local church activities, larger gatherings, conferences, training opportunities, testimonies and answers to prayer

– we don't know unless you tell us, so we'd love to hear from you!

Your news and photographs can be shared on these eNews bulletins and on our website, so please send your contributions – regularly - to this email address: [info@regionsbeyond.net](mailto:info@regionsbeyond.net)
